

Press Release March 2007

MAGNETEC - Webshop goes online

NANOPERM products now available online

Langenselbold : Samples of NANOPERM standard products from the company MAGNETEC GmbH can now also be ordered online. In the company's specially launched webshop under <http://www.magnetec.de/shop/> you can quickly and easily view and order the most popular tape-wound toroidal cores and chokes.

The advantages of the webshop are obvious:

- simple and uncomplicated ordering procedure
- extensive selection of different products
- quick sampling for everyone
- delivery ex-warehouse (conditional)
- delivery worldwide, free-of-charge within the EU
- MAGNETEC as a reliable partner; many years of know how and specialization
- Service and support
- Access to additional Magnetec services (for example price offers)

The products are of course in conformity with the RoHS Directive and the materials used are for the most part UL-listed. MAGNETEC is certified in accordance with the DIN EN ISO 9001:2000 standard and has received the environmental management certificate in accordance with DIN EN ISO 14001:2004.

About MAGNETEC GmbH:

MAGNETEC is one of the market leaders worldwide for the supply of soft magnetic cores manufactured from crystalline and nanocrystalline/amorphous materials. Based in Langenselbold, the company has in addition to electromechanical ELCBs been providing all manner of corporate customers with standardized and customized solutions for the procurement of electronic components for measuring data acquisition, current measurement and power electronics with a focus on EMC applications (filter components) for more than 10 years now. With 3 branch establishments in 3 countries, MAGNETEC employs a staff of approx. 300 and is represented at 9 locations in 7 more countries.
